The school will complete this report electronically using the online application system or OAS. The report is due to DPI on September 1. Only the school's Choice administrator can submit the September 1 enrollment report. The designee can help with the preparation of the report, but only the school's Choice administrator can submit the report.

It is important for the school to complete this report as this report is the basis for the September Choice payment to the school.

## 9-3.4 Accessing the Report

Read through the instructions that are displayed when this report is selected. Then click the Next button to accept that you have read the instructions and are responsible for the data being correct.

The choice administrator will need to complete a September 1 enrollment report for each program that the school participates in.
